MEDICAL CHEMICAL PEELS

AGERA RX

Ageratos meaning - 'not to age'

Agera RX medical formula is developed in the US. The products are scientifically tested and clinically proven.

One of the many benefits of using Agera RX product range is that only a few products are required to achieve fantastic skin change.

The results are immediately visible without unsightly shedding, prolonged redness or irritation.

Agera RX peels penetrate deeply into the skin promoting collagen growth resulting in a firmer, smoother and more radiant skin whilst diminishing fine lines and wrinkles and reducing acne scarring. They are also excellent for rapidly bringing acne under control and reducing blocked pores and redness associated with acne.
